

May 28, 2026

Dear Patient,

I hope this letter finds you well. We are writing to inform you that **Jennifer Simpson-Manske, MD**, is no longer practicing at **Island Primary Care – Orcas**. We are grateful for her contributions and the care she delivered to our community.

We are committed to ensuring the continuity of your healthcare. Our care partnership and your overall well-being remain a top priority. Several primary care providers at Island Primary Care – Orcas are accepting new patients, including:

- **Karen Caley Orr, Physician Assistant-Certified**
- **Cameron Fralick, Physician Assistant-Certified**
- **Jennifer Utter, Physician Assistant-Certified**

You can learn more about our providers at islandhealth.org/orcas. To establish care with one of our primary care provider, please call 360.376.2561 to schedule an appointment.

If you choose to transfer care outside of Island Health, please let us know so we may update our records. A release form will need to be completed to transfer your medical records. Information about medical records requests is available at islandhealth.org/medical-records or by calling **360.299.1326**. If you do not establish care with another provider—either at Island Health or elsewhere—we will reach out later this summer to discuss next steps.

Island Health is committed to supporting a smooth transition and ensuring you continue to receive high-quality, compassionate care. We appreciate the trust you place in us and look forward to continuing our partnership in your health.

Sincerely,

Your Care Team
Island Primary Care – Orcas
